

# Kindred Spirits Animal Network Inc

## Volunteer Application

### Our mission

Through our combined efforts, dreams, energies and hopes, we will offer one more no-kill choice for homeless animals.

By networking with and through organizations and groups in the animal loving community we will stress the importance of spay/neuter as a priority in making 'no more homeless pets' a reality and a tool in saving feral animals.

With other kindred spirits we hope to continue to add to the choices that animals, and humans seeking help for animals, have. Through our foster/adoption program we hope to be able to provide another option for those animal agencies that cannot be "no-kill", when they need another choice for animals whose time has run out.

We strive to share compassion and kindness with those we touch, be they human or animal. We hope to be part of the change we wish to see in the world.

### Our vision

We have a long way to go to achieve our Vision...to someday expand on our facility or have a place of our own. Dream of a place where no animal will ever be turned away, where all who feel as we do have a place to go to put their beliefs into practice, day in and day out. Where caring, compassion, and understanding are the way of life, not the exception. We believe that through our combined resources and actions we can find this place, we can have this little piece of heaven, for ourselves, and the animals - for all kindred spirits.
